## Department of Civil Engineering

Department building view from back-side hill (PC- Mr. PraveshSaini)

**Government Engineering College, Ajmer**

## Vision

Entrusted by society and industry to foster a sustainable world by making competent and ethically strong civil engineers.

## Department Head Message

Department of Civil Engineering at GEC, Ajmer was established in 2011 and has continuously upgraded itself in terms of academic, building infrastructure including state-of-the-art laboratories. The department attracts the finest young and dynamic faculty members and the best of the students for its Bachelors. Students are exposed to well-defined academic programs along with a host of sports, cultural and organizational activities in GEC, Ajmer. Our graduates have been selected by leading state and national and research/academic institutes. **The achievements of our students have really made us proud.** The department is committed to providing better in classroom infrastructure, enrichment of the academic and professional experience of students, outreach to the engineering community and society, and advancements in Civil Engineering. The department provides the testing and consultancy facilities for the various agencies in the area of structural, geotechnical, environmental and transportation engineering. We would be happy to receive any valuable suggestions from your side. Feel free to contact us if you have any such questions or comments.

Dr.Ganpat Singh

## Mission

- 1) To impart quality education to prepare competitive undergraduate students for a successful career in civil engineering
- 2) To impart soft skills, leadership qualities and professional ethics amongst the graduates to handle projects independently.
- 3) To promote innovative thinking in the minds of promising engineers to face the future challenges for an evolving sustainable world.
