Memorandum of Understanding for Academic Collaboration Between Engineering College, Ajmer & Celebal Technologies

Celebal Technologies has, over the past couple of years, established itself as one of the premier software services company in the field of Data Science, Big Data and Enterprise Cloud. Celebal Tech's clients are Product ISVs and delivery organizations across the globe who use Celebal Tech's niche expertise in product development as well as Enterprise project implementations. Celebal Tech's founding partners come with years of Global Enterprise experience in the field of Software Product Development and Consulting. We have a global presence with offices in Texas, and India (Jaipur and Delhi). Celebal Tech's clients are primarily based in the US, Europe and Singapore. Our expertise in Advanced Analytics (Data Science, Big Data & Enterprise Cloud) has been recognized on various forums and we have won awards for the same.

We are a leading enterprise consulting Services Company who aims to make data simple for enterprises globally in their innovation journey. We are also helping Fortune companies as well to leverage their efficiency by combining modern analytics with traditional enterprise. Apart from this Celebal Technology has associated with Microsoft as a Gold Partner. We are looking to connect with various Engineering and Technical Institutes where mutually we can shape and transform the young brains. By this Initiative we would be able to bridge the gap between an Industry and Academics. We have already offered and collaborated with many different Universities and Colleges under the Microsoft Institution collaboration and successfully leading the program with their college faculties. Engineering College, Ajmer and Celebal Technologies Pvt Ltd develop an academic collaboration program in Education and development for the next one year. Based on the principles of mutual benefit and respect for each other's independence, the two parties and have agreed to following:

- Live Projects
- Workshops on Latest technologies like AI/ML, Data Science, Cloud and Infra
- Internship Programs
- Placement Programs
- Project Based Industrial Training
- Industrial Expert Sessions for Faculties & Students.
- Industry readiness Sessions for Students.
